Feeding orphans in Southern Africa

Did You Know ...

Southern Africa has the largest number of orphans in the world. They need a chance to reach their teens and beyond with improved quality of life and hope. Our feeding programme is helping to make this happen.

Food4Africa feeds over 17,000 orphans a nutritionally rich porridge made from a maize and soya base, enriched with 19 minerals and vitamins. One simple meal has extremely positive effects on children by improving their weight gain, brain activity and well-being. It costs just £3 to feed a child for a month.

Your kind donations to the September car boot sale helped to raise £87.50 which means we can feed 29 children for one month.
Thank you for your support!
